Mark Davies reported from the Community Assembly meeting. WheelShare bikes and scooters are slated to hit the streets of Spokane on Monday, May 13, coinciding with Bike Everywhere Month. The new program includes some basic rules of operation that were approved by Council in March and designed to allow the program to operate smoothly and safely.

Here's what users need to know: Know your Location. Bike and scooter users need to ride in the street or in the bike lanes in the downtown core to avoid conflict with pedestrians on the sidewalks Outside of downtown on streets with speed limits higher than 30, scooters should be ridden on the sidewalk.

Watch your Speed. Bike and scooter speed limits are 15 mph on the Centennial Trail, and 7 mph within Riverfront Park. Scooter speed will automatically be regulated down to about 7 mph in Riverfront Park.

Ride Safely. Helmets are encouraged for all WheelShare users. Users are asked to be considerate riders and watch for conflicts with other users of the streets, sidewalks, and trails. Helmets will be available at various locations in the City. Please contact Lime for more information. 81st Annual Spokane Lilac Festival Armed Forces Torchlight Parade:
